

Women Physicians In Christ

A Ministry of Christian Medical & Dental Associations

Welcome to a place of ...

---

## Connection.

WPC is the refuge where your fast-paced life meets refreshment, rest and renewal. Where you can share with other female doctors your personal and professional joys and struggles. Where you can develop relationships with Christ-centered women who will both celebrate the good times and help you through your tough ones.

---

## Inspiration.

WPC is a safe place to share and learn from each other as you seek to dig deeper in your walk with the Lord. Where you can serve together on the mission field. Where you can learn from women who have faced hardships and come out mightier in their faith walk.

---

## Equipping.

WPC is a resource where you can learn from conference plenary speakers and workshops while earning CME credits. Where you can make deep friendships in small group GPS retreats. Where you and your spouse can learn how to have a healthier Godly marriage through WPC Marriage Enrichment weekends. Where female missionaries can receive encouragement through our “Women Missionary Doctors” ministry.

WPC is all about  
**CONNECTING**

*to Christ and to each other*

Learning

**WHEN** you look around at a WPC conference, you find women of all ages connecting, engaging with one another and building friendships that deepen over the years. You see old-timers reaching out to our “WPC Rookies” to help them feel welcomed. You see students looking to learn from experienced physicians and dentists. You see a spirit of friendliness and helpfulness centered on Christ.

WPC conferences are held at a different site each year, providing new and fun experiences all around the country. We offer 12 hours of CME credits for professional and personal development, student scholarships, worship and free time for fun activities in our host city. Our annual conference is open to all female healthcare professionals.

Please join us at our WPC Annual Conference in September!

*The WPC Commission is comprised of women physicians and dentists plus a student and resident representative. Our mission is to encourage and support women physicians and dentists living out their Christian faith in their professional and personal lives. Our commission members are interested in your ideas on furthering this mission. If you are interested in serving on the commission, please contact us.*
